

Illiez CARD

YOUR NEW FIDELITY CARD
★ Annual ★ Digital ★ Personal ★

What's an Illiez Card?

The Illiez Card is a new fidelity card that will replace the Multi Pass you previously received. It provides year-round access to a wide range of free and discounted activities and services.

Validity

Annual card valid from May 1st, 2026 to April 30th, 2027
(Subject to availability, opening hours and dates)

How many annual Illiez Cards will I get, and what do they cost?

- > Your annual Illiez Cards are totally free!
- > The number of annual cards allocated to you is based on the surface area of your property (1 card per 17m², rounded up). *Example: 35m² = 3 Illiez Cards.*

Who can I assign my annual Illiez Cards to?

- > You can assign your Illiez Cards to whomever you like, within your card quota — family members, friends, guests... it's entirely up to you.

When and how do I activate the Illiez Cards?

Annual cards can be activated from **May 1st, 2026**. As the Illiez Card is personal (and non-transferable), **please note the following:**

- > The card displays the holder's full name and date of birth. This information must match their ID (identity and age checks may be carried out by activity providers).
- > Once assigned to a person, a card cannot be reassigned to someone else until the following year's renewal.
- > Beneficiaries can be registered at different times— you are not required to assign all your cards at once.
- > Cards are allocated for the property as a whole. In co-ownership situations, we recommend coordinating with your co-owners, as the first person to log in will have access to the full quota.

How to generate your Illiez Card:

1. Have your **annual tourist tax invoice** to hand
2. Go to **resident.rddm.ch** or scan this QR code
3. Enter the **client code** shown on your invoice, along with the **registered owner's surname**

Page / client : 1 / 12121
Fact. no :

Facture n° 202600000
Client n° 1212

4. Enter each beneficiary's first name, surname, and date of birth
5. Enter the primary beneficiary's email address
6. Download the cards (PDF). Save them to your device or print them. You can log back into **resident.rddm.ch** at any time to access your cards

Multiple cards can be managed on a single smartphone, or each card can be sent by email or printed for the beneficiary.
If you need help generating your cards, our teams are on hand to assist you at the Champéry and Morgins tourist offices.

You've registered all your beneficiaries. Now what?

- > The Illiez Card shows a QR code to present to activity providers. You can:
 - Print the card and present a paper version to the provider
 - Keep the card on your phone and show it directly from your smartphone

How to assign Illiez Cards to other people staying in your property (visitors who don't have an annual card*)

- > **Once you've registered your annual cards**, you'll receive a confirmation by email.
- > **That email explains how to generate short-term Illiez Cards for your visitors.**
- > From the platform checkin.rddm.ch, you can:
 - Manually enter your visitors' stays (cards will be sent by email)
 - Generate a QR code to display in your property so visitors can activate their own card (cards will be sent by email)
 - Get a link to share by message or email, or to include in booking confirmations (for self-registration)
 - Import an Excel file

The visitor's card is also personal, valid only for the duration of their stay. (It can be renewed for each subsequent stay.).

* Renters, friends, and family members subject to the tourism tax

What advantages does the annual Illiez Card provide?

Including but not limited to — new offers may be added at any time!
